

## Patch Cord (Cat5e, Cat6)

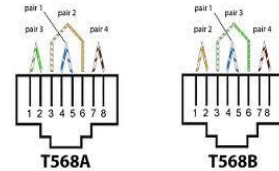

Model : PC-C5-\*/ PC-C6-\*

Patch Cord Cat6

Patch Cord Cat5e

Wiring for T568B & T568A

### Factory Terminated And Tested

#### Features

- 100% tested and independently verified at a component level.
- Stranded copper conductors in cable pairs.
- Flexible strain relief boot with latch protection.
- Fully interoperable and backwards compatible.
- Multiple colour options.
- Low profile boot design.

#### Benefits

- Guaranteed component performance.
- Superior cable flexibility from stranded cores.
- Boot maximises protection during MACs.
- Colour options aid circuit identification.
- Maximum density where space is restricted.
